

NEW Multi Purpose Trims

Versatile transition strips for common interfaces between flooring materials.

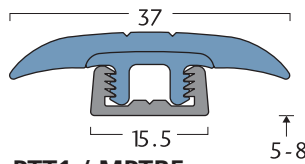

- Adjustable and self levelling profiles up to 16mm.
- Strong and hard wearing for pedestrian and trolley traffic
- Wide colour range – Black, Brown, Bluebell, Dove and Granite.
- Easy to install
- Smooth and safe transitions.
- Dimensionally stable and does not stretch or shrink.
- 2700mm lengths.

Base profiles contain up to 100% recycled content.

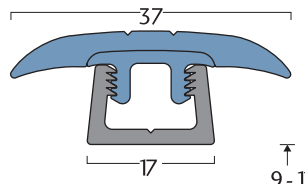

TWIN TOPS

Floor coverings of the same height.

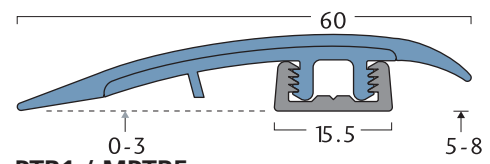

PTT1 / MPTB5

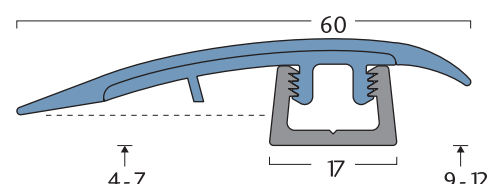

PTT1 / MPTB12

RAMP TOPS

Floor coverings of different heights.

PTR1 / MPTB5

PTR1 / MPTB12

NEW XT Range

The Spectrum XT Range features an extended slip resistant insert that continues around the leading edge of the stair edging to ensure that contact is always made with the slip-resistant element of the stair edging.

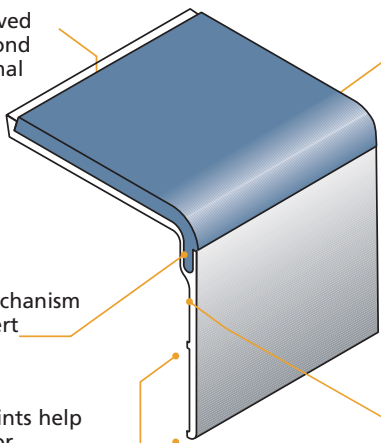

The XT range also incorporates 55mm treads and 40mm risers to help building owners achieve an inclusive environment in line and exceeding the BCA and AS1428-1 requirements using the latest research for optimum safety and performance.

New improved adhesive bond for additional strength.

New extended insert design ensures maximum safety underfoot.

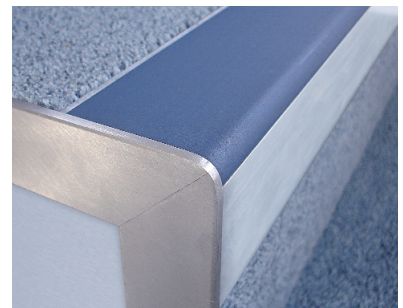

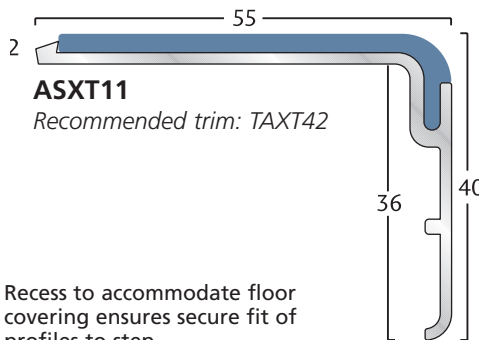

Locking mechanism secures insert in place.

Backing points help to hold floor coverings in place.

ASXT11
 Recommended trim: TAXT42

Recess to accommodate floor covering ensures secure fit of profiles to step.
