CONSTRUCTION

ECOLOGICAL FORMULA

The new Spectrum Floors LVT is inspired by nature, manufactured with phthalate free technology and provides an environmentally friendly flooring solution for the users.

Spectrum Modular is a long lasting flooring solution due to its durability against impacts, stains and scratches thus it is a perfect choice for shops, offices, hotels, restaurants or any other hospitality areas.

Our product has iGuard surface coating with low maintenance requirement.

Due to it's glass fibre reinforcement Spectrum Modular is a dimensionally stable LVT flooring with sound insulating properties and warm underfoot.

Its flexibility provides economic, easy and quick installation.

EASY TO INSTALL THANKS TO IT'S PLANK FORMAT.

Water resistance makes this suitable for wet areas. The optimal solution for hotels, restaurants offices and shops.
